Marsden OCS-Z: For heavy duty suspension weighing up to 20 tonnes

If you are **short on space in your factory or warehouse**, or need to **weigh awkwardly shaped goods** choose the **OCS-Z Crane Scale**.

This is **Marsden's highest capacity crane scale** - suitable of weighing up to 20,000kg.

Crane scales are ideal for weighing goods to avoid overloading of cranes or vehicles. An infra-red remote control means this scale can **operated safely from a distance**.

Heavy duty aluminium crane scale

The **OCS-Z** is an easy to use, high capacity digital crane scale for heavy duty suspension weighing – suitable for heavy duty **industrial weighing up to 20 tonnes**. For strength and durability, the fixed shackle is constructed from stainless steel and it features an alloy steel hook.

To maintain the scale's accuracy and inner mechanics the OCS-Z is fitted with an **overload protection alarm**, which will sound when the scale is near its maximum load.

Because they are fixed from a crane, this type of scale means that **floor space is saved** - as it can be left in situ when not in use it does not disrupt day-to-day warehouse operations.

A large, bright display you can see and operate from a distance

The OCS-Z has a **large, bright red LED display** which makes the weight reading easy to see from distances even in poorly lit environments.

An **infra-red remote control** comes as standard with the scale, enabling the user to safely operate the scale from a distance. A rechargeable battery provides **120 hours' use**.

Choose from a range of graduations and capacities

So you can get a crane scale that meets your exact needs, choose from **two high capacity options - 10000kg or 20000kg.**

Graduations are 5kg and 10kg respectively.

Key features

- Steel casing
- Large bright red LED display
- Stainless steel shackle and alloy steel hook
- Infra-red remote control
- Zero
- Tare
- Rechargeable battery
- Overload alarm

Built to last

Like other crane scales in the Marsden range the OCS-Z is built to last. This highly durable scale is **backed by a one-year warranty.**

To ensure reliability and accuracy with every weigh a service contract can be purchased.

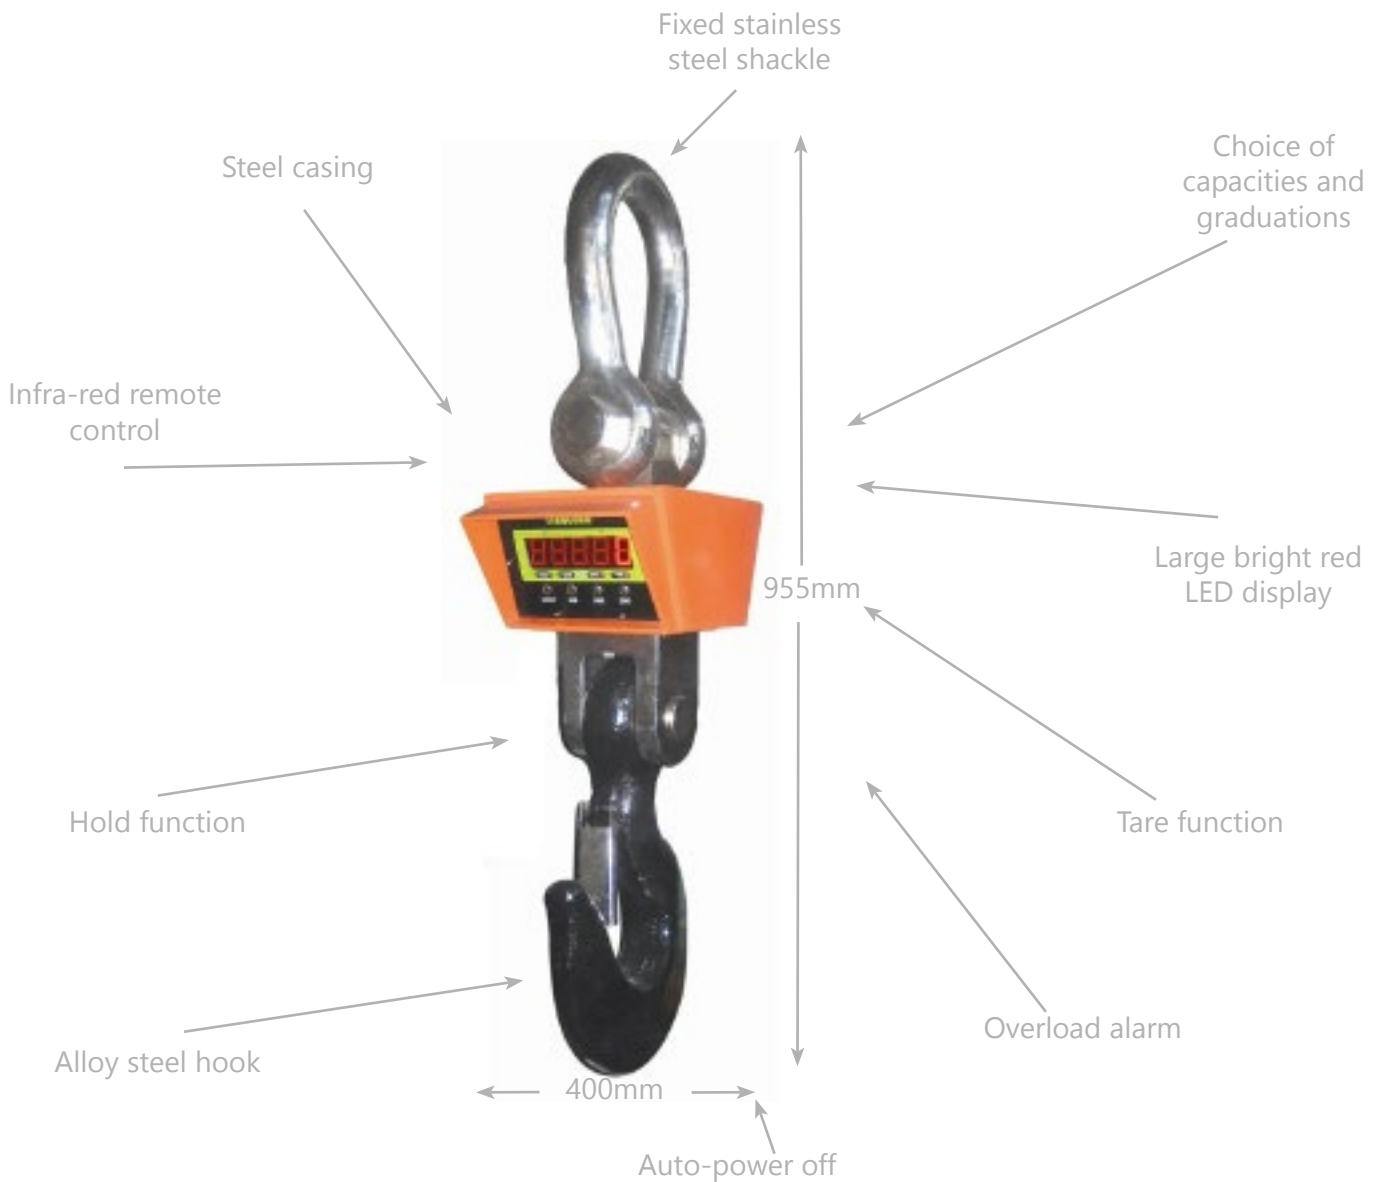

Speak to Marsden if you need help with choosing the right option for your needs.

Specification

- Capacity: 10000kg/20000kg
- Graduations: 5kg/10kg
- Power: Mains or rechargeable battery
